INTERNSHIPS

ThinkNext Technologies PVT LTD | July 2022 – August 2022

- Developed a Hospital Management System website called **Dr.Care** using HTML, CSS, JavaScript, JSP, JDBC, Java and MySQL as a database.The website provides a comprehensive solution for managing all aspects of hospital operations, including patient records, appointments, billing, and inventory.

CERTIFICATIONS

FreeCodeCamp | March 2023   (**Link**)
[Responsive Web Design – HTML5 | CSS | Media Query]

Project:
- Personal Portfolio Webpage
- Tribute Page (For A.P.J. Abdul Kalam)

PERSONAL PROJECTS

O-Shopping Website   (**Link**)
- Developed and maintained a fully functional e-commerce website using HTML, CSS, JavaScript, and Bootstrap. The website features a user-friendly interface and Fully Responsive.

Personal Portfolio Website   (**Link**)
- My portfolio website showcases my web development skills and experience. It features my best work, including websites, e-commerce stores, and social media platforms. Visitors can learn more about my skills and accomplishments, and contact me directly to discuss potential opportunities.

SocialBook Website   (**Link**)
- SocialBook is a frontend static social media website that I built using HTML, CSS, and JavaScript. It allows users to create profiles, connect with friends, and share posts. SocialBook is also responsive, so it looks great on all devices.
